About us ...

Founded in 1965, Anita Industries is an ISO 13485:2016 and CE certified leading manufacturer of B.P. Apparatus (ISI mark), Stethoscopes, Nebulizers and other surgical equipments. With its corporate office and manufacturing unit based in New Delhi, ELKO has a complete range of Sphygmomanometers (Mercurial, Aneroid, Digital and LED Display).

Anita Industries was founded in 1965 by **Mr. Madan Mohan Kalra** who has over 50 years of experience in this industry. We believe in constant experimentation and innovation to bring out the best products, which are futuristic and elegant in terms of quality, looks as well as performance.

We put special stress on bringing out the latest equipments which offer better services through latest features and ease of use. We are always experimenting to better our own performance.

To achieve the goal of high quality and affordability, we focus on

- High operational efficiency
- The state of art manufacturing facility
- Systematic approach to manufacturing
- Team of committed professionals.

B.P. Apparatus Mercurial Regular Model (EL-310)

FEATURES AND DETAILS :-

- An economy model
- Portable model made of Aluminium pressure die cast body
- Epoxy powder coating texture paint
- Clear-cut black & white scale of 0-300 mmHG with a reading accuracy of ± 1 mmHG
- Superior quality cuff with extra wide Velcro fasteners

PRODUCT DESCRIPTION :-

- First grade quality virgin material used.
- Purity of mercury 99.99 percent.
- 0 to 300 mm of Hg scale with elegant finish, fine numbering and durable background contrast paint for clear visibility.
- Fused type, permanent graduation marking on the glass tube.
- Special control valve for perfect pressure drop.
- Best quality cuff for getting excellent grip.
- Surface plating adapted to all exposed metal parts to prevent corrosion.
- Classic epoxy powder coating to the body of the apparatus to withstand in any climate.

B.P. Apparatus Mercurial Deluxe Model (EL-320)

FEATURES AND DETAILS :-

- Widely accepted everywhere
- Portable model made of Aluminium pressure die cast body
- Epoxy powder coating texture paint
- Clear-cut velvet finish scale of 0-300 mmHG with a reading accuracy of ± 1 mmHG
- Extra Large cuff made from special fabric with extra wide Velcro fasteners for maximum grip

PRODUCT DESCRIPTION :-

- First grade quality virgin material used.
- Purity of mercury 99.99 percent.
- 0 to 300 mm of Hg scale with elegant finish, fine numbering and durable background contrast paint for clear visibility.
- Fused type, permanent graduation marking on the glass tube.
- Special control valve for perfect pressure drop.
- Best quality cuff for getting excellent grip.
- Surface plating adapted to all exposed metal parts to prevent corrosion.
- Classic epoxy powder coating to the body of the apparatus to withstand in any climate.

B.P. Apparatus Mercurial Wall Model (EL-330)

FEATURES AND DETAILS :-

- Sturdy wall mounting model
- Superior quality cuff with extra wide wall mounting fasteners
- Cuff container made of CRC sheet with powder coating paint
- Available with extra long coiled rubber tubing

PRODUCT DESCRIPTION :-

- First grade quality virgin material used.
- Purity of mercury 99.99 percent.
- 0 to 300 mm of Hg scale with elegant finish, fine numbering and durable background contrast paint for clear visibility.
- Fused type, permanent graduation marking on the glass tube.
- Special control valve for perfect pressure drop.
- Best quality cuff for getting excellent grip.
- Surface plating adapted to all exposed metal parts to prevent corrosion.
- Classic epoxy powder coating to the body of the apparatus to withstand in any climate.

B.P. Apparatus Mercurial Stand Model (Non Adjustable Model) (EL-350)

FEATURES AND DETAILS :-

- Wide base provided for perfect erection
- Height of B.P. Apparatus stand well suitable for normal bed height
- Superior quality cuff with extra wide Velcro fasteners
- Extra coiled rubber tubing for additional distance coverage (Optional)
- Best Quality Caster wheels for easy and free movement
- Stand made from CRC sheet is chemically treated and powder coated to prevent rusting

PRODUCT DESCRIPTION :-

- First grade quality virgin material used.
- Purity of mercury 99.99 percent.
- 0 to 300 mm of Hg scale with elegant finish, fine numbering and durable background contrast paint for clear visibility.
- Fused type, permanent graduation marking on the glass tube.
- Special control valve for perfect pressure drop.
- Best quality cuff for getting excellent grip.
- Surface plating adapted to all exposed metal parts to prevent corrosion.
- Classic epoxy powder coating to the body of the apparatus to withstand in any climate.

B.P. Apparatus Mercurial Stand Model (Adjustable Model) (EL-360)

PRODUCT DESCRIPTION :-

- First grade quality virgin material used.
- Purity of mercury 99.99 percent.
- 0 to 300 mm of Hg scale with elegant finish, fine numbering and durable background contrast paint for clear visibility.
- Fused type, permanent graduation marking on the glass tube.
- Special control valve for perfect pressure drop.
- Best quality cuff for getting excellent grip.
- Surface plating adapted to all exposed metal parts to prevent corrosion.
- Classic epoxy powder coating to the body of the apparatus to withstand in any climate.

B.P. Apparatus Dial Type Deluxe (EL-410)

FEATURES AND DETAILS :-

- Sharp easy to see dial
- Die cast body with epoxy paint
- Easy to carry model with zipper vinyl case
- Superior quality cuff with extra wide Velcro fasteners
- Mechanism specially designed for maximum repeat accuracy
- Metal parts are Chrome Plated to prevent corrosion

Dial Type Aneroid Sphygmomanometer with Basic Stethoscope (EL-410S)

Features : -

- This high precision gauge is made with zinc alloy. It has a clinical accuracy of ± 3 mmHg.
- The inflation bulb is made of rubber and is crack resistant and non sticking. The air release valve is chrome plated to avoid corrosion. The device has a dual-tube bladder for an efficient air release.
- It has a special cotton cuff which makes it very comfortable and pain free for the patient. It has extra wide Velcro fasteners for a firm grip and making it easy to use on all arm sizes.
- An aluminium head Acoustic stethoscope is included in the box. It is a dual head stethoscope with matt black powder coating.
- The product comes with a vinyl zipper carry case which makes it portable without losing any of the accessories. It also protects the device from any damage.

Dial Type Aneroid Sphygmomanometer with Deluxe Stethoscope (EL-411S)

Features :-

- This high precision gauge is made with zinc alloy. It has a clinical accuracy of ± 3 mmHg.
- The inflation bulb is made of rubber and is crack resistant and non sticking. The air release valve is chrome plated to avoid corrosion. The device has a dual-tube bladder for an efficient air release.
- It has a special cotton cuff which makes it very comfortable and pain free for the patient. It has extra wide Velcro fasteners for a firm grip and making it easy to use on all arm sizes.
- An aluminium head Acoustic stethoscope is included in the box. It is a dual head stethoscope with silver coloured anodizing.
- The product comes with a vinyl zipper carry case which makes it portable without losing any of the accessories. It also protects the device from any damage.

Fully Automatic Upper Arm Digital B.P. Monitor (EL-510)

FEATURES AND DETAILS :-

- Memory: 2x120 groups (double users)
- Average Function: Last 3 groups average measuring value
- WHO Function
- Arrhythmia Checking
- Material: ABS+LCD display

SPECIFICATIONS :-

Measurement Range:

Pressure: 30-280 mmHg (in 1 mmHg increment)

Pulse: 40-199 beats/min

Accuracy: Pressure ± 3 mmHg (0.4 kPa)

Pulse $\pm 5\%$ of the reading

Power Source: Internal-(4x 1.5V AA Batteries)

External-DC6V

Weight: 437g \pm 5g (Including Batteries & Cuff)

Main Unit Dimension: 128 x 81 x 39 mm

LCD Display: 50 x 60 mm

Cuff Circumference: 22-42 cm

Cuff Pressure Range: 0-299 mmHg (0-39.86 kPa)

PACKAGE CONTENTS :-

- Blood Pressure Monitor
- Cuff Arm Type
- 4 AA batteries
- Operational manual

EL - Tone (EL-010)

PRODUCT DESCRIPTION :-

- Light Weight Aluminium and Anodized Chest Piece.
- Extra Gloss Finish Joint less special 'Y' Tube in all Colours.
- Soft Sealing Earknobs.
- Sensitive Floating Diaphragm, Brass Chrome Plated Screw on Ring.
- Chrome Plated Headset Comfortably Angled.
- High Acoustic Sensitivity.

Available Colours 

Deluxe (EL-020)

PRODUCT DESCRIPTION :-

- Matt finished Light weight Aluminium Chest Piece.
- Sensitive Diaphragm, Brass Chrome Plated Screw on Ring.
- Extra Gloss finish joint less 'Y' Tube.
- Soft Sealing Earknobs.
- Anatomically Correct Headset and Comfortably Angled.
- High Acoustic Sensitivity.

Available Colours 

Spectra (EL-030)

PRODUCT DESCRIPTION :-

- Light weight Black Anodized Aluminium Chest Piece.
- Matt Black Powder Coated Headset comfortably Angled.
- Soft sealing Earknobs and Pvc joint less 'Y' special Tubing in Black Colour.
- Sensitive Diaphragm , High Conduction.
- Brass Chrome Plated Screw on Ring.

Available Colours 

Classic II SS (EL-040)

PRODUCT DESCRIPTION :-

- Solid Stainless Steel Chest Piece.
- High Acoustic Sensitivity.
- Sensitive Floating Diaphragm with Chrome Plated Screw Ring.
- 2 way special Tubing with extra Gloss Finish.
- 5.5 mm Seamless Brass Pipe Chrome Plated Head Frame Comfortably Angled.
- Soft Sealing Earknobs.

Available Colours 

Alpha-Tone (EL-050)

PRODUCT DESCRIPTION :-

- Aluminium Powder Coated chest piece with non chill ring
- Light Weight, Compact and Dual Frequency.
- Seamless PVC Tubing in black colour.
- Brass Chrome Plated Concealed Frame & Soft Earknobs.
- High Acoustic Sensitivity & maximum sound conduction.

Available Colours ●

Cardio III SS (EL-060)

PRODUCT DESCRIPTION :-

- Solid Stain less Steel Dual Head Chest piece.
- High Acoustic Sensitivity & Sound Conduction.
- Sensitive Floating Diaphragms for Adult & Paediatric.
- Extra soft Sealing Earknobs.
- Two way Tube with extra Gloss finish.
- Anatomically Accurate 5.5mm Headset and Comfortably Angled.

Available Colours ● ● ● ● ●

Sensor III AL (EL-070)

PRODUCT DESCRIPTION :-

- Aluminium Matt Finish Double head chest piece.
- High Acoustic sensitivity & sound Conduction.
- Sensitive Floating Diaphragms for Adult & Paediatric.
- Extra soft sealing Earknobs.
- Two way tube with extra Gloss finish.
- Anatomically Accurate 5.5mm Headset and Comfortably Angled.

Available Colours ● ● ● ● ●

Magna-PLUS (EL-080)

PRODUCT DESCRIPTION :-

- Brass single head chest piece with special colour plating.
- High Acoustic sensitivity.
- PVC 'U' shaped tube available in all colours.
- Soft sealing Earknobs Made from PVC.
- 5.5mm brass headset with special colour plating.
- Special colour Plated Metal Ring.

Available Colours : Rose Gold, Smoke Grey, Matt Silver

Paediatric SS (EL-090)

PRODUCT DESCRIPTION :-

- Solid stainless steel chest piece.
- High Acoustic sensitivity.
- PVC U-shaped tube available in all colours.
- 5.5 mm Chrome plated Headset & Comfortably Angled.
- Chrome plated Metal Ring.

Available Colours 

Paediatric AL (EL-100)

PRODUCT DESCRIPTION :-

- Light weight Aluminium sand Anodized chest piece.
- High Acoustic sensitivity.
- PVC 'U' shaped Tube available in all colours.
- Soft sealing Earknobs with Metal bush.
- Chrome plated Headset & Comfortably Angled.
- Chrome plated Metal Ring.

Available Colours 

Classic II SS Ultra (EL-110)

PRODUCT DESCRIPTION :-

- Innovative Design solid stainless steel chest piece with floating Diaphragm.
- High Acoustic Sensitivity & Maximum sound conduction.
- Patient friendly Non chill Ring.
- Soft Sealing Earknobs.
- Anatomically correct 5.5 mm Headset & Comfortably Angled.
- 2 way special tubing with extra Gloss finish.

Available Colours 

Select (EL-120)

PRODUCT DESCRIPTION :-

- Light weight Aluminium Chest piece matt grain finish.
- Sensitive Diaphragm high conduction.
- PVC 'Y' shaped tube available in all colours.
- Soft Sealing Earknobs.
- Anatomically correct Headset and Comfortably Angled.

Available Colours 

DECI-TONE (EL-130)

PRODUCT DESCRIPTION :-

- Light Weight Aluminium Anodized Chest Piece.
- Joint less special 'U' Tube Made from PVC.
- 5mm Brass Frame chrome Plated.
- Soft Sealing Earknobs Made from PVC.
- High Acoustic Sensitivity.

Available Colours 

ULTRA II SS (EL-140)

PRODUCT DESCRIPTION :-

- Stainless Steel Dual Head Chest Piece.
- Seamless PVC 'U' Tube made from PVC.
- 5.5mm Brass Frame chrome plated.
- Soft Sealing Earknobs Made from PVC.
- High Acoustic Sensitivity.

Available Colours 

PACE III SS (EL-150)

PRODUCT DESCRIPTION :-

- Stainless Steel Chest Piece with Non Chill Rings.
- Both Adult & Pediatric Head.
- Seamless PVC 'U' Shaped Tubing.
- 5.5mm Brass Frame and is Chrome Plated.
- Soft Sealing Earknobs Made from PVC.
- High Acoustic Sensitivity.

Available Colours 

PRIMUS III AL (EL-160)

PRODUCT DESCRIPTION :-

- Aluminium Anodized Chest Piece with Brass Chrome Plated Rings
- Both Adult & Pediatric Head.
- Seamless PVC 'U' Shaped Tubing.
- 5.5mm Brass Frame and is Chrome Plated.
- Soft Sealing Earknobs Made from PVC.
- High Acoustic Sensitivity.

Available Colours 

Techno III SS (EL-170)

PRODUCT DESCRIPTION :-

- Solid Stain less Steel Dual Head Chest piece.
- High Acoustic Sensitivity & Sound Conduction.
- Sensitive Floating Diaphragms for Adult & Paediatric.
- Extra soft Sealing Earknobs.
- Two way Tube with extra Gloss finish.
- Anatomically Accurate 5.5 mm Headset and Comfortably Angled.

Piston Compressor Nebulizer with Flow Adjuster (Respiplus EL-710)

FEATURES :-

- Piston style compressor
- Assures strong pressure and flow
- With automatic thermal protector, automatic cutoff if over heated, assures long life of the piston pump
- Low particle size
- Delivers medication effectively and efficiently with clinical accuracy for lower/upper respiratory tract
- One Button Operation

SPECIFICATIONS :-

Power : AC 230V, 50Hz

Current : 0.65A

Medication Capacity : 6 ml

Particle Size : 0.5 - 10 μ m

MMAD : 4 μ m

Sound Level : Around 60 dB

Average Nebulization Rate : ≥ 0.25 ml/min.

Max Working Pressure : ≥ 35 Psi

Operating Pressure range : 8 - 16 Psi

Liter Flow Range : 6~8 LPM

Operating Temperature range : 10°C to 40°C

Operating Humidity range : 10 to 95% RH

Storage Temperature Range : -20°C to 70°C

Storage Humidity Range : 10 to 95% RH

PACKAGE CONTENTS :-

- Compressor Nebulizer
- Nebulizer mask kit (Adult Mask, Paediatric Mask, Chamber, Mouth Piece, Air tube)
- 5pcs. Filters
- Instruction manual with warranty card

Piston Compressor Nebulizer with Flow Adjuster (Handy EL-720)

FEATURES :-

- Piston style compressor
- Assures strong pressure and flow
- With automatic thermal protector, automatic cutoff if over heated, assures long life of the piston pump

Elko Finger Tip Pulse Oximeter OLED Display (EL-560)

DESCRIPTION :-

- Displays Oxygen Saturation (SpO2), Pulse Rate (PR) & Perfusion Index (PI%)
- Light Measure & High Accuracy
- Easy to Operate & Carry
- Automatic Power Off
- Low Power Consumption
- 4 Way Display & 7 Display Modes
- Adjustable Brightness

SPECIFICATIONS :-

Application range:

Adult and Paediatric (age 3 or above)

Resolution:

SpO2 - 1%, Pulse Rate - 1bpm, PI: 0.1%

Measurement range:

SpO2 - 70~100%, PI: 0.3~20%, Pulse Rate - 30~250bpm

Measurement parameters:

SpO2, PR, PI, Pulse Bar, Waveform

Display type:

Dual Colour OLED Display

Dimensions:

60 x 32 x 30mm (L x W x H)

Weight:

55±5g (including batteries)

PACKAGE CONTENTS :-

- One Pulse Oximeter
- Two AAA Batteries
- One Lanyard
- One User Manual

Electric Handheld Manipol Full Body Massager (EL-610)

DESCRIPTION :-

The ELKO Percussion Body Massager helps in generating inner strength and improves blood circulation. Relax your aching muscles and while you relax, target those excess fat pockets with Handheld Body Massager EL-610 to effectively reduce weight and improve stamina. With 4 unique massage heads, each targeting different strain prone areas, the massager delivers a customized massage experience. Suitable for usage on waist, neck, shoulder, arm, hips, thighs, buttocks, calf and feet. This massager has a unique ergonomic design that is very appealing and interesting. ELKO Massager helps in several issues like, Muscular pains, Back Pain and Improves digestion. ELKO Percussion Massager has 4 changeable massage heads which generate different massage effect at different speed settings Helps firm and tone thighs, hips, butt and stomach and chest Helps relieve pain and cut fat. Massager Method: Vibration.

ELKO Steam Inhaler / Vaporizer for Adults & Childs (EL-530)

DESCRIPTION :-

The device allows you to steam your blocked nose and relieves sinusitis. It could be effective to treat flu and cold by expelling out mucus from the nasal as well Cleanses your pores and even removes excess makeup clogged in your pores. Promulgates efficient blood circulation in your face to give you a natural glow from within. Relieves cold, runny nose and sinus problems Kills germs in your upper respiratory tract- effective against virus and other bacteria. Soothing steam penetrates nasal, sinus, throat passages naturally Double wall body to avoid any injury due to hot water while handling the machine. Special locking to avoid accidental opening to safeguard from hot water and burn

FEATURES :-

**Safety
Cap**

**1.5 Meter
Cord**

**Double Wall
Body**

**Special
Lock**

**Use Drinking
Tap Water**

PACKAGE CONTENTS :-

- One Steam Inhaler
- One Instruction Manual

ELKO Mini Loop Resistance Bands Set of 5 (EL-1010)

FEATURES :-

- Made from 100% latex. Comes in 5 different resistance strength levels: X-Light, Light, Medium, Heavy and X-Heavy.
- Used for a range of workouts, from glute and hip activation, strength techniques to integrate seamlessly with every workout program such as Yoga, Pilates, etc.
- The resistance band set can be used to exercise all parts of muscles such as arms, chest, abdomen, glutes and legs, also good for Physical Therapy, Recovery or to increase Mobility.

ELKO Adjustable Skipping Rope (EL-1020)

FEATURES :-

- The jumping rope is durable and of good quality, anti-slip foam handles, soft and comfortable.
- The weighted jump rope has braided steel and the wire rope is coated with PVC, which features durability and smoothness, ensures the maximum service life, and avoids cracking or breaking
- The skipping ropes is 9.2 ft long, you can easily adjust the length according to your height by cutting the excess rope.

ELKO Foam Roller (EL-1030)

FEATURES :-

- ELKO High Density Foam Roller Is Great For Physical Therapy, Before Or After Exercise, Yoga, And Massage Therapy. The Texture Roller Helps To Relieve Muscles Tension And Increase Muscle Reflexology.
- Perfect For Positioning, Balance, Postural And Muscle Re-education, Spinal Stabilization, Body Awareness And Coordination, Ranging And Strengthening Activities.
- Stretch Overworked And Strained Muscles Of The Leg, Arms, And Feet By Rolling During Your Warm Up And Cool Downs With The Foam Roller For Exercise.

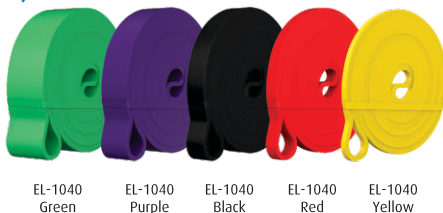

(Optional Carry Bag)

ELKO Heavy Resistance Bands (EL-1040)

FEATURES :-

- Made from 100% latex. Comes in 5 different resistance strength levels: X-Light, Light, Medium, Heavy and X-Heavy.
- Used for a range of workouts, from glute and hip activation, strength techniques to integrate seamlessly with every workout program.
- Exercise all parts of muscles such as arms, chest, abdomen, glutes and legs, also good for Physical Therapy, Recovery or to increase Mobility.
